

Torch Run Set for June 21 at Conference

The Law Enforcement Torch Run (LETR) is the largest grass roots fundraising effort for Special Olympics International. College and university campuses have traditionally been the venue for many Special Olympics events and many IACLEA member agencies have been involved in local Torch Run events throughout the world.

To honor this partnership, IACLEA will hold its 7th annual 5K Torch Run/Walk at this year's Annual Conference. This year's Torch Run/Walk will take place on Sunday, June 21, beginning at 7:30 a.m. The route will take participants over the Eads Bridge.

Registration will be through the Special Olympics Missouri web site at no cost. This link will be available in the Conference brochure, which is coming soon. You can check the Special Olympics Missouri web site at <http://somo.org/Page.aspx?pid=180>. T-shirts are being designed by Special Olympics Missouri and will be available for purchase at the LETR booth near the registration table at the Conference. Participants will be finished in time to shower and attend the General Session on Sunday morning, where those who ran or walked will be recognized.
