Training on Request

IACLEA is flipping the traditional training model upside down, making it easier and more affordable to participate in IACLEA's expanding training offerings.

IACLEA now works with public safety agencies to bring in-person training to you—in addition to trainings that convene attendees from a variety of locations. You do the on-the-ground work: assemble the participants, secure a location, set up the venue, prepare logistics (A/V, food, lodging, if necessary). We send the trainer, at a greatly reduced cost than sending numerous people to a training venue.

See a training that you'd like in your area? Have a training idea you think would benefit the membership? Contact IACLEA Director of Training Josh Bronson to discuss: jbronson@iaclea.org, 202-619-8840.
